WELCOME TO CRPA 2027

The Canadian Radiation Protection Association's Annual Conference provides a forum for the radiation protection community in Canada to share ideas and learn from one another. The CRPA network promotes discussion of best practices, new approaches, and emerging regulatory or safety issues on safety program management, exposure monitoring, training, and emergency response. We aim to be an accessible, community-driven conference, with novice to advanced level presentations of interest to radiation safety professionals, regulators, and others.

On behalf of the Local Organizing Committee, we cordially invite you to join us for the **46th Annual Conference of the Canadian Radiation Protection Association**, to be held in **Vancouver, British Columbia**, Canada, from **May 17 – 20, 2027**.

We hope you will consider joining us as an exhibitor or sponsoring an event (or both!). Your support is appreciated and will help make **CRPA 2027** a success.

Please feel free to forward this package to your corporate colleagues who may be interested in exhibiting or sponsoring at **CRPA 2027,** and, if applicable, post the conference on your corporate website's event calendar.

Thank you for your consideration and we hope to see you in Vancouver!
